PHENIX HOTEL,
(Corner of Main and Mulberry Streets),
Lexington, Kentucky.

THE subscriber here begs to inform his friends and the public generally, that he has leased this old and well known Hotel, in the city of Lexington, and that he has taken charge of the same.

The House has recently undergone a thorough renovation; the rooms are newly and neatly furnished; and still further improvements will be made to render it in all respects worthy of public patronage, and an agreeable home to those who may avail themselves of its privileges.

Intending to devote his own time and attention to the business, and to surround himself with competent assistants, together with faithful, polite and attentive servants, he gives the assurance to the public that no efforts on his part shall be wanting to make the old Phoenix in all respects worthy of its reputation in its palmy days.

Professors, however, are too easily and too frequently made to be of much value unless accompanied by corresponding acts, and he, therefore, only asks that the public may test the sincerity of his pledges by giving him a call. They will always find him ready to minister to their comforts in the best manner in his power.

LIFE PILLS AND PHENIX BITTERS.

THESE MEDICINES have now been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing varieties of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.
Dyspepsia, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; Insatiable loss of appetite, Heart-Burn, Headache, Restlessness, Ill-humor, Anxiety, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Constipation, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.
Fever of all kinds, by restoring the blood to regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstructions in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and Cure in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on those important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.
Scoury, Ulcers, and Incurable Sores, by the perfect purity which these Life Medicines give to the blood, and all the humors.

Neuritic Eruptions, and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the removal of which occasions all eruptive complaints, scall, cloudy, and other disagreeable complexions.
The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common scalds, which will always be cured by one dose, or by two in the worst cases.

Piles.—The original proprietor of these Medicines was cured of Piles, of 35 years standing, by the use of the Life Medicines alone.

FEVER AND AGUE.—For this scourge of the Western country, these medicines will be found a speedy, and certain remedy. Other medicines leave the system subject to a return of the disease; a cure by these Medicines is permanent—try them, be satisfied, and be cured.

Bilious Fevers and Liver Complaints.—General Debility, Loss of Appetite, and Diseases of the Stomach.—The Life Medicines have been used with the most beneficial results in cases of this description.—King's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.

Morbid Diseases.—Persons whose constitutions have become impaired by the injudicious use of mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

THE COMMONWEALTH.

FRANKFORT.

SATURDAY, JANUARY 24, 1863.

Grand Jury next Monday.

Judge Drane has ordered a special term of the Franklin Circuit Court to commence in Frankfort next Monday.

The Judge has also ordered a Grand Jury to meet at the same time to investigate all violations of the penal and criminal laws in this county.

The abolitionists have undertaken two jobs at once; one hard to accomplish, and the other impossible; and they have conceived the idea that the latter is an indispensable means to the former. They have to defeat the armies of the rebellion; and to abolish slavery. They have not yet made any gratifying progress in the former, and they have no appreciation of the magnitude of the task which the latter imposes upon them. If Garibaldi had undertaken to stop up the crater of Mount Vesuvius, to revolutionize Italy, the project would be little more absurd.

The emancipation of the negro from his bonds to his master is not the point to be reached. The negro is to be armed to help subjugate his master, and when that is done how will the master stand? What benefit has been conferred on the negro? What terrible passions are let loose? What scenes of horror are to follow? Will the inferior race be master of the superior? Whilst this process of emancipation is going on, who is to take care of the negro without home or subsistence? What is to become of the old, the young, and the females of the black race? Are the four millions to be carried along with the army? What will become of an army they outnumber?

The leading rebels who understand this matter could desire nothing better than this condition of our army. Their Generals would see at once the overwhelming advantage of their position. They would make short work of an army thus overburdened.

We have often given political opponents good advice, and they have never adopted or thanked us for it. Still we shall not be wrong in well doing. We suggest then, to the abolitionists, the importance of doing one thing at a time. Either let them abolish slavery first and let the rebellion go on, or put down the rebellion first and let slavery alone.

This is capital advice, but, of course, it will not be followed. The abolitionists are a wonderfully conceited people. They are a mighty people on paper, and, if an inexhaustible fund of self conceit and self righteousness would put down rebellions, the present one would not last a day.

Nothing but fatal experiments will convince these abolitionists of their folly; and, even then, they will lay the blame on Providence, in not seconding them.

Convention!!

At the next meeting, in caucus, of the Union Members of the Legislature, the subject of calling a State Convention to meet at Frankfort, on the 22d of February, to nominate candidates for State officers, will be considered.

NARROW ESCAPES.—The Louisville Democrat says among the wounded that arrived in this city recently from Murfreesboro, was Joseph Rock, aged 18 years, a private in Company B, Twenty-third Kentucky, who was in the thickest of the battle at Murfreesboro. He was shot in the right breast—a Minnie ball striking the buckle of his suspenders, driving it through a portion of the lungs, and lodged under the skin in his back. The surgeon cut through the skin and took the ball and buckle, which were fastened together, out. Besides this, he had three balls to pass through the leg of his pants, the stock of his gun was shivered by a ball while he was taking aim. Young R. is recovering rapidly from his injuries. He is in Hospital No. 4.

Eight prisoners have just escaped from the Vicaria dungeons in Naples. They fled away the iron gratings of the windows of their cells, and the sentinel winked at their departure. The latter was formerly a Bomba soldier.

A LARGE EAGLE.—Mr. James W. Bishop of Cincinnati, a few days since killed an eagle, at Bunker Hill, Ky., with his revolver, which measured nine feet eight inches from tip to tip of each wing. This is, we believe, the largest eagle that has been killed in this country for some time.

The residence of Dr. Cliff, a Union citizen of Franklin, Tenn., was burned the other day by some of Forrest's band, during their visit to that place.

A CHRISTMAS PREDICTION.—Christmas, our readers know, was last year on Thursday. An old tradition published many years ago, and now in the keeping of the British Museum, contains the following as to the matter to transpire the year succeeding Christmas on Thursday:

If Christmas on Thursday be
A windy winter you shall see,
Windy weather in each week,
And hard tempests, strong and thick.
The summer shall be cool and dry,
Corn and beasts shall multiply;
That year is good for land to till;
Kings and Princes shall die by kill.
If a child born on that day shall be,
It shall happen right well for thee.
Of deeds he shall be good and stable,
Wise of speech and reasonable.
Who that day goes thieving about,
Shall be punished without a doubt;
And if sickness that day betide,
It shall quickly from thee glide.

At a large and respectable meeting of the Union party of Montgomery county, held at the courthouse in Mt. Sterling, on the 19th day of January, 1863, after the organization of the same, and the appointment of J. R. Garrett, Secretary, the following resolutions were passed with one dissenting voice:

1. Resolved, That it is the sense of this meeting that the Legislature of Kentucky, now in session, should issue an address to the State and Nation, accompanied with appropriate resolutions, approving the sentiments and principles of Governor Robinson's message; condemning in strong and unequivocal terms the President's proclamations of the 22d and 24th September, 1862, and of the 1st of January, 1863; the suspension of the writ of *habeas corpus*; the division of States without their consent; the arbitrary arrest and incarceration of citizens without warrant or charges; the disobedience of the mandates of the courts; the interference of the military with the freedom of the election; their assumption of judicial power; their attempts to awe and control the judiciary; and their arbitrary assessment of damages upon citizens without the intervention of court, jury, or trial, as palpable violations of the State and Federal Constitution, and acts of tyranny, which no free, enlightened, and brave people will or ought to submit to permanently.

2. In said address and resolutions they should assert the supremacy of the civil authority over the military, and that the military within the borders of Kentucky must obey her laws, and the process of her courts, and that they will enforce the same at all hazards.

3. That in such address and resolutions, they should solemnly and earnestly protest against the alleged war power of the President, by which, in time of war or rebellion, he will become the supreme law of the land, and is untrammelled by legal or constitutional restrictions.

4. That said address and resolutions ought to say that Kentucky indignantly rejects Mr. Lincoln's Border State Emancipation project, and that neither the President nor Congress have any constitutional power or right to appropriate money for such a purpose, and if they had, Kentucky does not desire to sell her slaves to the government of the United States at any price.

5. That it is the sense of this meeting that said address and resolution, should recommend a National convention of the people of all the States, to meet in April next, at some suitable point, to take into consideration our unhappy national difficulties, with a view to preserve the unity of the Nation, prevent the further effusion of fraternal blood, by a settlement of them, upon terms honorable to all; and they should further recommend that in the event a National convention cannot be had, that a convention be held of such States as will unite with Kentucky in holding it, to take into consideration, the best means of preserving our constitutional liberties in these dark hours of the republic, in which they are assailed upon the one side by open rebellion, ambitions of independence, and on the other side, by fanatical abolition, which in its zeal to destroy the institution of slavery, is trampling under foot the Constitution and every principle of civil liberty, and with a view of agreeing upon a basis upon which our glorious Union may be constructed, and by which our liberties may be perpetuated.

6. That in our opinion said address and resolutions should recommend and provide for the appointment of three members of the House of Representatives, and two of the Senate, as commissioners to visit the authorities at Washington, and a like number of each House, as commissioners to visit the authorities of the so-called Confederate States, and inform both of them with regard to the views and wishes of Kentucky touching our unhappy national difficulties, and with a view to induce them to adopt and agree upon a basis as a settlement of the same, and upon the reconstruction of the Union upon principles honorable and just to all.

7. That the Legislature of Kentucky should, in our opinion, pass resolutions rejoicing in the recent victories of the great national, conservative, Union democratic party of the free States, united under such adverse circumstances, thanking them for their determined efforts in the cause of constitutional liberty, and assuring them of their full co-operation in their efforts to preserve the Union, the Constitution, and our political and civil liberty.

8. That it is the sense of this meeting that the Legislature of Kentucky, and the Legislatures of all the States, now in session, should request and demand of the President of the United States that he should call together the Congress elect, in the month of March next.

9. That Kentucky is still, as she has ever been, devoted to the Union, deeply tried and sorely trampled upon as she has been, and can see no desirable future for herself, either as a Northern ally member of a free-trade Secession Confederacy, or as the Southern ally member of a fanatical, free-soil Northern Confederacy.

10. That our Representative and Senator in the Legislature be requested to lay these resolutions before their respective Houses.

A copy. J. R. GARRETT, Sec'y.

CEMENT ROOFING.

The Cheapest and most Durable Roofing in use.

IT IS FIRE AND WATER PROOF.

It can be applied to new and old Roofs of ALL KINDS, steep or flat, and to SINGLE ROOFS without removing the Shingles.

The Cost is only about One-third that of Tin, and it is Twice as Durable.

This article has been thoroughly tested in New York City and all parts of the United States, Canada, West Indies and Central and South America, on buildings of all kinds, such as Factories, Foundries, Churches, Railroad Depots, Cars, and on Public Buildings, and has been found to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect A FIRE, WATER, WEATHER and TIME PROOF covering for ROOFS of ALL KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTTA PERCHA AND INDIA RUBBER.

No Heat is required in making Application.

The expense of applying it is trifling, as an ordinary Roof can be covered and finished the same day.

IT CAN BE APPLIED BY ANY ONE,

and when finished forms a perfectly Fire Proof surface, with an elastic body, which cannot be injured by Heat, Cold or Storms, SHRINKING OR ROOF BOARDS, nor any external action whatever.

Liquid Gutta Percha Cement,

For Coating Metals of all kinds when exposed to the Action of the Weather, and

For Preserving and Repairing Metal Roofs of all kinds.

This is the ONLY Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to three coats of ordinary paint, costs much less, and will LAST THREE TIMES AS LONG, and from its elasticity is not injured by the contraction and expansion of TIN and other METAL ROOFS, consequent upon sudden changes of the weather.

It will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF.

LEAKY TIN AND OTHER METAL ROOFS can be readily repaired with GUTTA PERCHA CEMENT, and prevented from further corrosion and leaking, thereby insuring a PERFECTLY WATER TIGHT ROOF FOR MANY YEARS.

This Cement is peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, SAFES, AGRICULTURAL IMPLEMENTS, &c., also for general manufacturers use.
